Herd Health Status

Herd TB and Brucellosis free.

Export tested.

BVD testing since 2011, never had a positive.

IBR: entire herd tested negative in 2023.

Due to wet summer, as a precaution we dosed the entire herd for both liver and rumen fluke.

We did not vaccinate for Lepto this year as unable to obtain a vaccine in May.

Farm is 10 years Quality Assured.

Message from Vendor.

I extend a warm welcome to you all to our Moygara Beef Shorthorns Reduction sale in conjunction with the 2024 edition of the Moyside & Croghan Breeder Clubs Sale here in Elphin.

Although advertised as a reduction sale, this is in fact a near 90% clearance sale of our Pedigree Shorthorns. The reasons for this are that by Jan next I will have spent 70 years farming, having started in 1955 following the sudden death of my father. With my own health issues over the last few years, and the current economics of farming dictating that the younger generations need to be in off farm employment and be mindful of their studies, I have had to take the very difficult decision to go ahead with this sale.

Although we exhibited at some local shows, we never set out to breed for showing. Our breeding policy was to breed cattle structurally correct, with length, depth of body, good top lines and rear end width - cattle that were capable of good growth rates and high daily liveweight gains. Our thinking was that if we bred bulls that performed in either suckler or dairy herds, it would result in repeat customers.

The proof of this policy is that this year we sold all our seven bulls ex farm, with one sold to a Pedigree Breeder and three exported to NI.

I should add that both our imported stockbulls, Ballylinney Eagle and Coxhill Karl made a huge contribution to our breeding programme.

Finally, I want to thank the Moyside & Croghan Breeder Clubs and Elphin Mart for their assistance in preparing and hosting the sale. Best of luck to all with their purchases today, may it lead to future prosperity for you.

Michael McKeon.

Cloonboney Rascal

Cloonboney Rascal

Service sire for most of the cattle being offered for sale today, Cloonboney Rascal was purchased from the herd of Bernie Reynolds, Cloonboney, Mohill, one of the oldest Shorthorn herds in the country.

A son of Bayview Unique, who boasts a very high Replacement value of €173, and out of a Creaga Dice dam, this medium framed dark red bull was selected for his tremendous back and rear end muscling.

Five star terminal and five star replacement, we expect that he will be the perfect match for Coxhill Karl daughters.
